**A REAL + TO AN
ICONIC COLLECTION.**

Il cemento da semplice componente strutturale diventa un elemento materico dalla forte valenza estetica, come nel memorabile progetto della maison Dom-Ino (Domus Innovation) a cui si ispira la nostra collezione. Le sei nuove varianti cromatiche si aggiungono a quelle esistenti, per creare una collezione in dieci colori, che ben si adatta alle diverse conformazioni dell'abitare.

The transformation of cement form a simple component of structural matter to aesthetical element of great power, just like in the timeless project of "Maison DOM-INO" (Domus Innovation) from which our collection takes inspiration. Six new colours, in addiction with actual ones, generate a ten colors collection that fits today's living solutions.
