## SUPERFICIE PRO PRO SURFACE

La superficie PRO di CLUE dimostra la versatilità e le ampie funzionalità del gres porcellanato. PRO garantisce un elevato livello di anti-scivolamento, e nel contempo, risulta morbida al tatto e facile da pulire. Questo è possibile grazie ad un'importante ed accurata ricerca delle materie prime utilizzate per la finitura superficiale.

CLUE's PRO surface demonstrates the versatility and extensive functionality of porcelain stoneware. PRO guarantees a high level of anti-slip and, at the same time, it is soft to the touch and easy to clean. This is possible thanks to an important and careful research of the raw materials used for the surface finishing.
